Level of Performance

Assessment is primarily a matter of academic judgement, and the computational structure is designed to facilitate consistent judgements. The following scale is suggested as way of relating a judgement of performance to a numerical mark.

Juddement of performance	Mark
Outstanding performance	80% and above
Very good performance	70 - 79.9%
Good performance	60 - 69.9%
Satisfactory performance	50 - 59.9%
Fail	49.9% and below

The overall mark for a student at the end of a programme reflects his or her entire performance throughout the period of study. The final mark is a combination of the overall mark of all the years weighted in the following manner:

1.5 – Year programme 20:30:50 (Sem I : Sem II : Sem III)

2 – Year programme 30:70 (Year I : Year II)

3 – Year programme 20:30:50 (Year I : Year II : Year III)

4 – Year programme 10:20:30:40 (Year I : Year II : Year III : Year IV)

5 – Year programme 10:10:10:20:50 (Year I : Year II : Year III : Year IV : Year V)
