To Whom It May Concern

I am thrilled to recommend Ms. Ugyen for the DHI BizAP Digital Skill-up Freelancing Program. As the Human Resource Officer at Tarayana foundation, I had the pleasure of working with Ugyen when she was employed here as a Social Media Officer. Responsible, punctual and extremely bright, Ugyen was among the best talent at the Foundation and I absolutely endorse her qualification and her skill set.

I was continuously impressed by the knowledge she brought to the table and I always knew I could rely on her to meet deadlines and exceed our expectations. During 13 months with us, she achieved numerous accomplishment, from improving social media engagement at the Foundation.

With that said, I am highly confident in my recommendation and believe that Ms. Ugyen would be a great fit for this freelancing program. Should your requires any information reach me at sonamtshering773@gmail.com or at 17518068

To whom it may concern.

I am writing to highly recommend Ms Ugyen Phuntsho Seldon for the DHI BizAP Digital Skill-Up Freelance Program. Ugyen graduated in 2019 with a BA in Political Science and Sociology. We were a small department at the time (just under 100 students total) and so we had the pleasure of really getting to know our students. Additionally I taught Ugyen for almost the entire duration of her degree and for this reason, I feel very confidence in speaking about her academic strengths and character.

Ugyen was a diligent, reliable and hardworking student. I also appreciated that she actively sought out feedback and advice from faculty and that she made an effort to us it to improve her work based on these interactions. While she always took her school work seriously I also admired the Ugyen was also willing to look for and pursue opportunities to learn and grown outside the classroom as well. She was a long time member of the RTC reading club and instrumental in helping to plan and organize activities. I was also pleased that she applied for and secured a competitive study abroad opportunity in Kyoto in her final year. I believe that her summer research internship in Kyoto not only helped her improve her research skills but also helped her to become the confident, capable and independent adult that she is today.

I am really pleased that Ugyen has chosen to apply for this particular opportunity because I think she has the right attitude for this kind of skills based program. She is willing to work, eager to learn and has the patience and eye for detail that learning new skills requires. I believe that if Ugyen was given this opportunity it would allow her to continue to grow personally, intellectually and professionally. I would be more than happy to further discuss her abilities or and why she is such a deserving candidate. Please do not hesitate to contact me at atdolmacroder@rtc.bt or at ph: 17684487 if you have any further questions or concerns.

Letter of Recognition

Dear Ugyen Phuntsho Selden,

The Academic Affairs Department of Royal Thimphu College would like to express our sincere appreciation to you for your dedicated service to the college in the capacity of 'Dzongkha Teaching Assistant' for the international students for Fall 2017 and Spring 2018.

The Teaching Assistants work to enrich the academic life of Royal Thimphu College by helping the academics department to operate effectively by teaching our national language 'Dzongkha' to the international students. The teaching assistants help their fellow international students to teach 'Dzongkha' and also help teach the international students about Bhutanese culture and tradition. The Teaching Assistants are valuable members of the college whose work helps enrich the college learning and environment with their hard work and effort.

Wishing you all the best in your future endeavors.

Sincerely,
