

SANGAY CHODEN

PROFILE

I am a very positive and hardworking woman. I have developed excellent analytical and leadership skills through my class presentation where I actively participated in every group activities and GPA. My determination and dedication are highlighted by my achievement of me getting into STEM program and got the opportunity to go to China representing my university. Not only we won the STEM program but also got the title of global young leader.

EDUCATION

[RAJAMANGAL UNIVERSITY OF TECHNOLOGY PHRA NAKHON]

[2018] – [2022]

I am an international business management student in business faculty. I am one of the students who got 'His Majesty Scholarship' after high school for further studies here in Bangkok.

My current [GPA]

3.37

[2020]

WORK EXPERIENCE

[Youth Development Fund] [Volunteer student]

[2016]

I volunteered in this workshop to help build the platform for community youth like my self and others to introduce ourself into local governance system. I volunteered with the local student president. A total of 11 community youth and local leader took part in this program.

[Department of Youth and Sports] [Assistant]

[2017]

This program is to nurture and empower youth with necessary values and skills to enable them to cope with the emerging challenges and provide avenues with positive growth. I worked in this program as assistant with important lecturers.

[DESI HIGH SCHOOL] [TEACHER PERSONAL ASSISTANT]- In geography, media and history subjects.

[2018 for 6 months]

In my six months break, I have worked in this school as assistant teacher and got paid monthly around Nu.5000. This is where I developed my interpersonal communication relationship with people.

[STEM AND GLOBAL YOUTH LEADER] [Selected Student Leader]

[2019]

This is an educational based program about science, technology, engineering and mathematics but in an interdisciplinary and applied approach. There were so many students in that program and I leaded a designated group given by teacher.
